

USE RESOURCES WISELY.

How often do tasks slip through the cracks? How about overbudget or late?

The business world hasn't adapted to modern project management techniques, especially when it comes to managing human resources. With the proper methods and tools, project management can be much less stressful and effective.

Allow Kafferlin Strategies to be your guide!

Our staff has developed a short presentation to overview helpful tools and methods of managing resources to achieve your ends. The staff will walk you through the same project management methods and tools we use ourselves to help our many various clients.

\$400.00

The Workshop Includes:

- 60 Minute Presentation
- 30 Minute Q&A
- Tool Recommendations
- Example Handouts
