

ISO RISK MITIGATION

It's not a question of if you have risk.

It's a question of how you mitigate it.

Country Manor

Management Services

has assisted over 100 organizations implement, manage and improve their ISO management systems. We have the expertise to assist you to mitigate your threats and achieve your opportunities.

Kafferlin Strategies has a team of over 30 contractors with capabilities that range from researching, writing and auditing.

Are you ISO certified?
Are you ready for the big changes in the 2015 Standards?

September marks the release of the new 2015 ISO standards.

These standards expand into the area of analyzing and mitigating the organization's "Threats and Opportunities" relative to their overall business model as well as their ISO Management System compliance.

Don't waste your valuable time researching, learning and figuring out how to implement these changes. Let Country Manor Management Systems and Kafferlin Strategies use their expertise, experience and resources to do the work for you.
